Chore Chart DIRECTIONS

1. Print out as many chore charts as you need, cardstock is best but regular copy paper will work. There are multiple different colors to choose from.
2. Write your child's name on it.
3. Laminate.
4. Use a fine tip permanent marker to write in your child's chores and a brief description if necessary. If you need to erase the permanent marker, just color over it with a dry erase marker, then wipe off with dry paper towel.
5. Attach a dry erase marker. I recommend using the ones with an eraser on the cap. You will need peel and stick Velcro. Attach a piece of Velcro to the cap of the marker and on the chart where it says "Velcro pen"
6. Tape the chart on a wall using masking tape.

I always tell my kids that they need to complete all things on their chore chart before they have free time, screen time or social time. Review the definition and character qualities often.
