About This Unit Study Planner

The number of required instructional days in a school year can vary slightly from state to state, however, most of the states require 180 days of student instruction. This is equivalent to 36 weeks of school at 5 days per week.

Print single or double-sided, 3-hole punch, and insert pages into a binder.

Unit Study Planner, page 2

This 3-page form will help you plan out each unit study you do. There are 10 copies of this form so you can plan many fun unit studies.

Weekly Lesson Plan, page 32

Being organized is the first step in being a successful teacher. Use the weekly lesson plan to prepare and plan your school days.

Daily School Record, page 50

As another option, there is a daily school record with 180 days where you can record the date and a brief summary of what you did. This is a great tool to help keep you accountable and track the days you do school. This one can be used instead of the weekly lesson plan for a more flexible approach to schooling.
